

Safety instructions

Accident

Always call the alarm number
+31 (0)46 47 666 66.

Do not call 112, the national alarm number, the ambulance has no direct access to the campus.

Always remember

Store the alarm number
+31 (0)46 47 666 66 into
your mobile telephone.

Respect the speed limit of 30
km/h at campus.

Siren alarm

Proceed immediately to the nearest toxic shelter (RDR=Redelijk Dichte Ruimte). If you are in a parking area: step into your car, and drive away with closed windows and the ventilation shut down.

Follow the instructions broadcasted on the public announcement system.

Entering the campus is absolutely forbidden when the siren alarm is sounding. Immediately turn around and drive away from the campus, following the yellow alarm diversion signs.

Be aware of the exact locations of the toxic shelters/ RDR which are relevant to you. Always follow the signs at the entrance of each building for the exact location of the nearest toxic shelter/RDR.
Check: <https://community.brightlands.com/safety>

Smoking, alcohol and drugs use
are not permitted.

The campus is located in
siren area 22.

Evacuation

Always use the nearest emergency exit to leave the building.

Go to the dedicated assembly point of the building you are in.

Follow the instructions broadcasted on the public announcement system and given by the emergency response team.

If someone is missing:
Call the Duty Officer: +31 (0)46 47 64444.

Be aware of the exact location of the nearest emergency exit of the building you are in.
Be aware of the evacuation assembly points.

Dangerous situation

Always call the Duty Officer:
+31 (0)46 47 644 44
